PROFILE SUMMARY

Full Stack Developer with hands-on experience delivering production-grade web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in building responsive UIs, secure REST APIs, and scalable backend systems. Proven track record in e-commerce, IoT dashboards, and ML-powered applications. Adept at solving complex technical problems, optimizing performance, and delivering solutions that improve user engagement and business outcomes.

WORK EXPERIENCE

Software Engineer (Part Time)
ORAGAN

June 2025 - Present

- Led end-to-end development of ORAGAN's official website, delivering a fast, responsive, and user-centricexperience.
- Contributed to multiple ML-powered web applications, ensuring scalability, maintainability, and real-world impact.

Front-End Developer – Intern
UEXplus

November 2024 – May 2025

- Completed a 6-month internship focused on modern web and mobile application development, demonstrating strong collaboration, ownership, and technical problem-solving skills
- Assisted in developing and enhancing web and mobile applications for iOS and Android using React and Flutter
- Collaborated with cross-functional teams to analyze requirements, design solutions, and implement features

Full Stack Developer – Intern (Full Time)
Sri Lanka Telecom

June 2024 - May 2025

- DeveloDeveloped and maintained responsive web applications using the MERN stack, PHP, FastAPI, and MySQL, focusing on cross-platform compatibility, backend optimization, and seamless third-party API integrations.
- Contributed to major projects including:
    - Fazenda SmartAgro – UI enhancements and bug fixing
    - Mobitel Edge Sales System – Bug fixing and performance improvements
    - Mobitel ECMS – Fully designed, developed, and maintained IoT monitoring system
    - Agro Plus – Designed, developed and maintained the web application

PROFESSIONAL SKILLS

- Frontend : React.js, Nextjs Javascript, HTML, Tailwind CSS
- Backend : Node.js, Express.js
- Database : MySQL, MongoDB, Firebase
- Programming Languages : Java, Python, Javascript
- Tools & Platforms : Git, Postman, Figma

SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Team Collaboration & Communication
- Time Management & Task Prioritization
- Adaptability & Quick Learning
- Attention to Detail
- Leadership & Initiative

PROJECTS

- **GOAT CULT | E-commerce Website**

  E-commerce-focused website showcasing products and brand story.

  Developed the official website for GOAT CULT clothing brand, delivering a modern, responsive, and visually appealing online presence that reflects the brand's identity and enhances customer engagement
  Technology Stack : ReactJS, Tailwind-CSS, MongoDB, ExpressJS, NodeJS
  Link – https://www.goatcult.lk

- **Ceylon Wild Escapes | Wildlife Tourism Website**

  A website showcasing wildlife tours and photography experiences in Sri Lanka.

  Developed a visually immersive and user-friendly website allowing users to explore tours, services, galleries, and contact information seamlessly.
  Technology Stack: Next.js, React, Tailwind CSS
  Link: https://ceylonwildescapes.com

- **RUBION | Web Development & Digital Solutions Platform**

  A platform providing modern, scalable web solutions for startups and businesses.

  Designed and developed a high-performance website showcasing services, projects, and client-focused solutions with a strong emphasis on usability and modern UI/UX.
  Technology Stack: Next.js, React, Tailwind CSS
  Link: https://rubion-chi.vercel.app

EDUCATION

- **Bsc.(Hons) Computer Science (Reading)**

  University of Westminster, London

- **GCE A/L & O/L Examination**

  S.Thomas' College, Mount Lavinia

  Obtained 2A's 1B and 1C – GCE A/L Exam (2021)
  Obtained 7A's 1B and 1C – GCE O/L Exam (2018)
